

Stewardship November 2006

Themes are crucial to our human existence.

They help inform us, guide us, entertain us, focus us, and indeed, nurture us...if we truly "ingest" them into our daily lives. St. Andrews has and continues to be very thoughtful in its choice of themes to help our collective Christian family move forward in faith. We need to feed off these themes to keep the Body of Christ at St. Andrew's energized.

In our journey towards learning to share more, give more, and live in Christ more we have experienced, "Raise Anchor, Set Sail!" and have re-launched the ship of St. Andrews to be "On Course with Christ." We are now sailing through the Thanksgiving season (a seasonal theme) where we are especially mindful of all the abundant gifts God has showered us with. Additionally, we have been blessed with one more topical theme that will help us to be good stewards of our faith and resources, and that is "Share, Save, Spend." Please consider the following visualization when you consider the richness of the many coordinated themes guiding our path and try to incorporate them into your daily walk with the Lord.
