

SESSION 6 – OCTOBER 24, 2007

Walking in the Land: Preparing the Prophet

Today we will begin our class by watching the first 20 minute segment of “The Footprints of God” film about Moses. This documentary walks through the land where the Biblical accounts actually happened, so we can see the countryside where Moses lived and walked.

Next Week is Halloween - No Class

We meet next on Nov. 7

For Nov. 7 memorize 2 more books of the Bible – Ecclesiastes and Song of Songs. Continue to repeat these 22 books of the Old Testament. Keep up the great work!

Moses Returns to Egypt – Exodus 4

1. God has told Moses his name, but Moses still makes excuses – “What if they don’t believe me?” What 2 signs does God give Moses?
2. Moses’ next excuse is that he has always been “slow of speech,” which probably means that he did not feel quick enough on his feet to answer the Pharaoh. Some people (including the movie we are watching) have interpreted this as a speech impediment, like stuttering. But if you read Acts 7:22, it seems unlikely that this is the case. What does this verse say about Moses? How does God respond to this excuse?
3. Read verse 13. It seems that Moses is quite brave to tell God he still doesn’t want to go! How does God respond now?
4. When Aaron and Moses tell the Israelites in Egypt what God had said, how did they react?

On Nov. 7 we will study Exodus 5 - 11. Please read it before class and think about these questions:

1. How old was Moses when he returned to Egypt and spoke to Pharaoh?
2. What 2 things happened when Aaron threw his staff on the ground before Pharaoh?
3. List all of the 10 plagues. Does it bother you that the Egyptians suffered? Let’s talk about it.
