

St. Andrew's Lutheran Church – Habitat for Humanity

A thank-you note from last summer's (2015)

Habitat family: My name is Mimi Birhanu . I came in Minnesota 11 years ago. As a newcomer to America I had many challenges such as food,language culture you name it . Reading bible and pray help me to go day by day.

The beginning of 2015, God gave me another miracle in my life. A Habitat for Humanity house! Once God start work in my life everything was possible to me and even my friends and family. Now when I open my House door it always reminds me of God and St. Andrew Church .I wish if I speak English well to tell you how much I appreciate you with all my heart . Both Lidia and Nathneal so happy since we moved the new house. They experience their own bed room. When I see their freedom to play my eyes feel full of tears. That was my biggest worry when I was live in apartment .

Finally our thanks to St.Andrew's Church pastors and members, especially volunteers who put in your money, time and everything. God Bless you! As bible say " you will be enriched in every way so that you can be generous on every occasions...." 2 Corinthians 9:11

Thank You, Mimi Birhanu, Lidia Asrat, Nathneal Asrat
